GRTI Provides Education Outreach

And Adam Beach stops by!

Gila River Telecommunications, Inc. was at the Komatke Boys & Girls Club to promote the Education Outreach program which encourages youth to finish high school and go on to higher education. The teens did exercises that stressed the importance of building their self-esteem. GRTI then had the participants add 20 years to their age. Most were

surprised to find out that they would be in their mid 30's by then! With their age in mind, they were asked to tell about themselves as if it was twenty years from now. Some questions they had to ask themselves was what year did they graduate high school, where did they live, what kind of jobs did they hold and what their home life was like. After some thought and consideration to the questions, many were able to produce a "mini" life plan with professional and personal goals.

The GRTI Education Outreach program will be visiting more youth in the community. We hope to encourage the youth to think about their future and

to consider the types of careers in the technology fields. GRTI also provided a hot dog lunch for the entire Club!

It was a great surprise to have infamous actor Adam Beach show up. He danced with the kids and learned the cha-cha. He signed autographs to the never ending line of fans. Adam was very gracious in meeting everyone that wanted to meet him. GRTI apprentice, Miane Gonzales got a hug and close up photo with him. Mr. Beach stated he had a great time and wanted to come back again to work with the youth. Anytime Adam!

The famed actor Adam Beach visited the Gila River Indian Community on Tuesday, July 31. He spent the day visiting Tribal Council, the Elderly and the youth at the Boys & Girls Clubs in Sacaton and Komatke.

Adam talked about his struggles as a youth and how he was determined to make it in the movie industry. Adam had played the role of community member Ira Hayes in the movie *Flags of Our Fathers*. What a great day!

Famed actor Adam Beach with GRTI's Marketing Apprentice, Miane Gonzales.

Komatke youth work on their "mini" life plans.

Computer Tips Preventing e-mail fraud

- ▶ **Beware of unsolicited e-mails** - Particularly if they appear to be from companies with which you do business. These emails are normally requesting you revalidate personal information or link to websites that request you revalidate personal information. Do not give any information out to them.
- ▶ **Be wary of clicking on links in e-mail messages** - Links in unknown e-mails often appear legitimate, but take you to phony websites where you could unwittingly transmit personal or financial information to **con artists**. Avoid clicking a link in an e-mail unless you are sure of the destination. Even if the address bar displays the correct web address, don't be fooled. There are several ways for con artists to display a fake URL in the address bar on your browser.
- ▶ **Type addresses directly into your browser** - If you think you need to update your account information or change your password, visit the website by typing the URL directly into the browser or by using your personal bookmark. Never use a link from e-mails.
- ▶ **Don't enter personal or financial information into pop-up windows** - A common rip-off technique is to launch a fake pop-up window when someone clicks a link in a phishing e-mail message. To make it appear more legitimate, it may be displayed over a window or website you trust.
- ▶ **Check the security certificate of a website when you are entering personal or financial information** - To make sure the website is secure, check to see if there is a lock or security icon in the bottom bar of your browser, as well as, that the website is going to an https: address and uses encryption.
- ▶ **Do not share your ID, password or PIN EVER!**

For a demonstration of how a real e-mail scheme works, visit www.identitytheftsecrets.com.

How are you listed in the GRTI phone book? Call 796-3333 to make any corrections for the 2008 directory.

Statement of non-discrimination

Gila River Telecommunications, Inc. is the recipient of Federal financial assistance from the U.S. Department of Agriculture (USDA). The USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities

who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call toll free (866) 632-9992 (voice) or (800) 877-8339 (TDD) or (866)377-8642 (relay voice users). USDA is an equal opportunity provider and employer.

Alert One Unit Usage Tips Batteries & Pendants

Attention Elderly & Disabled or Family Members

If you had an Alert One unit installed in your home, congratulations! You have taken an important step in ensuring your safety in and around your house! Not only does it give you peace of mind if you live alone, but it allows you to live your golden years independently. To make sure that your unit is functioning properly you will need to do the following:

1 Make sure you change the battery at least once every 12 months. To do this you will need to unplug the unit, turn the unit over and pop the plastic cover off of the back. Underneath you will see a small silver screw, unscrew it and then slide the battery cover off. Replace the 9 volt battery with a new

one. Replace the cover, screw it back in, pop the larger plastic cover back on and plug the line back into the unit.

AlertOne®

You have now replaced the battery.

2 Wear your pendant. To receive the benefits that the Alert One unit offers you must wear the pendant at all times while you are home. If you ever have an emergency and are outside or unable to get to the phone, by wearing

the pendant, simply press the button and help will be dispatched.

By replacing the battery and making sure that you always have the pendant, be assured that your Alert One unit will work for you when it is most important.

The Alert One Program is sponsored by GRTI and the Office of Special Funding of the Tobacco Tax Program. The Alert One unit can be a very valuable tool in time of an emergency for an Elderly or disabled person. The Alert One unit is FREE to the Elderly and disabled who live on the Gila River Indian Community.

If you are interested in an Alert One unit for yourself or a loved one call 796-3333 to discuss your needs.
